Actual timing and delivery of the primary school is a matter for the Department of Education and is outside of Mirvac's control. Purchasers should make their own enquiries. Delivery of a childcare centre is subject to a number of factors outside of Mirvac's control including obtaining planning approval. Mirvac has no representation about nature and timing of delivery of a childcare centre.

It's time to live brightly in a fun, urban environment.

Our story starts in 12th century Wales with Madoc, a Welsh prince and early explorer of the globe. According to folklore, he crossed the sea to the 'New World' in 1170. That's over three hundred years before Christopher Columbus.

Like our namesake, the Madox community sees the world a little differently.

We stand proudly apart from the rest, and forge our own path. We stay connected, and we make our own decisions. It's time to live the way you want, where you want.

With a host of its own amenities, and proximity to existing facilities, Madox is the perfect complement to the already flourishing Piara Waters community.
